

### THIRTEEN ARROWS

Indian Charlie's daughter Thirteen Arrows is a speedy multiple stakes winner who is not only half-sister to a grade one winner, but is also out of a grade one winner.

Gifted with tremendous early speed, Thirteen Arrows ran early fractions of :21.56, :44.02; and :56.45. Her six wins include a four length triumph in the Pan Zareta Stakes and a 2¼ length victory in the Zia Park Distaff Stakes.

Thirteen Arrows' sire, Indian Charlie, was an exceptional sire whose offspring include Champion Two-Year-Old and record-breaking sire sensation Uncle Mo; multiple Eclipse Award earner Indian Blessing; Champions Fleet Indian, Roxy Gap, and Indian Apple Is; and grade one winners A. P. Indian, Liaison, By The Moon, and Pampered Princess. Given his exceptional record as a sire of fillies, Indian Charlie has the potential to become an extremely successful broodmare sire, and his daughters have already produced 29 stakes winners.

Thirteen Arrows is half-sister to the spectacular Cross Traffic, who defeated Breeders' Cup Classic (gr. I) winners Mucho Mucho Man and Fort Larned in the Whitney Invitational Handicap (gr. I), and was beaten inches in the Metropolitan Handicap (gr. I) while running a 116 Beyer Speed Figure. Thirteen Arrows is also half-sister to stakes winner Exodus, and to stakes placed Into My Soul and Bianco Tartufo.

Stop Traffic, the dam of Thirteen Arrows, was also a tremendously talented runner, winning the Ballerina Handicap (gr. I) by seven lengths over Runup the Colors and the Santa Monica Handicap (gr. I). Stop Traffic also has daughter at stud by Storm Cat and two by Unbridled's Song, and in addition is dam of a three-year-old filly by Unbridled's Song, and of Meliora, a two-year-old colt by Giant's Causeway who was a first time out winner in Japan on September 11. She is bred to Midnight Lute.

The brilliantly speedy Thirteen Arrows has a top-class pedigree that is completely free of Mr. Prospector and A.P. Indy, and that has only one strain of Northern Dancer, in the fifth generation, giving a potential range of mates that is rarely found in a filly of this quality.
