SUBMITTING VETERINARIAN

NEW USERS

[Register to Submit a Study](#)

SUBMITTING A STUDY

To [submit a study online](#), please login to the Keystone Community Website. If you have not submitted x-rays before, you will need to [register](#). You can queue many studies via the DICOM service and then submit them as appropriate to each hip.

If you are using Asteris Keystone at your veterinary practice, you may skip this step and find an option in the Asteris Clinic management software to upload instead. For further information about using this feature, please [contact Asteris](#).

REPOSITORY TERMS AND CONDITIONS

Terms and conditions apply to use of the Fasig-Tipton Online Repository system. By registering to submit and/or view a study using the Fasig-Tipton Online Repository system, you agree to be held bound by the full Terms and Conditions. Terms & Conditions of Sale: Conditions of sale: [Conditions of sale](#)

LABELLING

It is important to label your study as accurately and completely as possible. When submitting a set of x-rays please be sure to complete the following in your software.

Accession Number/DICOM Tag Requirements – A combination of the sale code and the lot number in 4-digit format as per the following examples.

Patient ID = FTZYMM-XXXX

Z = First letter of state in which sale is held

YY = Last two digits of the sale year

MM = Month of the sale

XXXX = Full hip number including leading zeros

Example:

2022 Saratoga Selected Yearling Sale Hip 12 = **FTN2208-0012**

2022 Saratoga New York Bred Yearling Sale Hip 200 = **FTN2208-0200**

FASIG-TIPTON
REMOTE REPOSITORY INSTRUCTIONS

Patient Name: Horse's Name OR Dam and last 2 digits of Year of Birth (YOB)

Example: **SPRING DANCE 21**

The name of the veterinarian or clinic, date, sex and microchip (if available) are also required to appear in the study; no specific formatting is required.

OVERLAYS

Please export your studies **WITH burnt in overlays on images**. Our DICOM viewing software has the option toggle the most relevant tags on/off when viewing. In addition, there is a button to view all tags.

REQUIRED VIEWS

[AAEP Minimum Required Views](#)

To accommodate viewing sort order all hips must be submitted with the anatomical/view information. You may have to contact your equipment representative to arrange this formatting.

ALL REPORTS

All reports must be submitted in **PDF format** through Asteris. They should be submitted along with the x-rays where possible, and at least four (4) days prior to the start of the sale. [Register to Submit a Study](#)
The veterinary report will no longer be made available for review at the repository. The x-ray report must also disclose attending veterinarian's ownership interest in the subject horse, if any.

SCOPING VIDEOS (OPTIONAL)

The videos can be viewed on-site and remotely.

Supported file types: *.asf, *.avi, *.mov, *.mp4, *.mpeg, *.mpg, *.wmv

Recommended file size: There is a 100MB limit to video file size. For ease of viewing, it is recommended that file sizes be kept within reason.

Recommended: For ease of viewing, please **state the horse ID credentials** at the commencement of the video recording.

Scoping videos must be performed no earlier than 10 days from the actual date the horse is sold.

All video scopes can be submitted through Asteris.

REMOTE REPOSITORY INSTRUCTIONS

HANGING PROTOCOLS

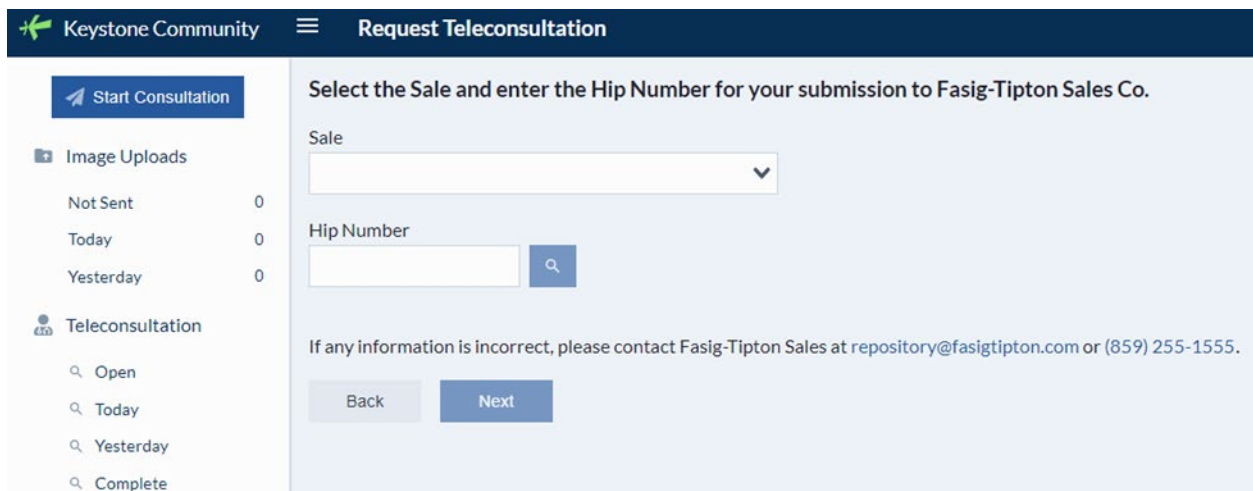

Our system is hanging protocol aware and can be customized depending on how effectively the anatomy of the horse can be identified during uploading of the study. If you want the viewing vet to be able to adjust the hanging protocol used we recommend you upload your study and match any images which can't be automatically identified.

Uploading your own studies online allows the submitting vet full control over the process and more accuracy as the automatic options do not always match perfectly.

If you have an x-ray machine that is new to market or recently updated, please encourage your machine vendor to contact Asteris so they can work with the vendor to automate the hanging protocol detection system in their software. It is advisable to submit a sample set of x-rays before a sale to help eliminate potential problems.

1. See below for submitting radiograph studies and reports:

VIEWING VETERINARIAN

NEW USERS

[Register to View a Study](#)

Please email request to register to view a study to: repository@fasigtipton.com

REPOSITORY ACCESS

Access is restricted to registered vets for the purpose of examining a set of x-rays for a potential buyer or submitting x-rays taken on behalf of a consignor for a horse in the sale.

Details will be provided upon registration for repository access.

A username and password is required for viewing x-rays. Credentials for submission are different from credentials for viewing.

Remote Access Link

If you have forgotten your password, Asteris has online options for recovery to the registered email address. If you experience further difficulty, please contact repository staff via phone or email at repository@fasigtipton.com

REPOSITORY TERMS AND CONDITIONS

Terms and conditions apply to use of the Fasig-Tipton Online Repository system. By registering to submit and/or view a study using the Fasig-Tipton Online Repository system, you agree to be held bound by the full Terms and Conditions. Terms & Conditions of Sale: [Conditions of sale](#)

TECHNICAL INFORMATION

A modern HTML5 compatible web browser such as Google Chrome is required. Most mobile devices can view the x-rays remotely. Keep in mind that viewing x-rays for diagnostic purposes is better on a larger, high-quality screen.

CONSIGNOR INFORMATION

- Consignors can review and print their x-ray reports via the Client Portal.

<https://www.fasigtipton.com/forms/consignors>

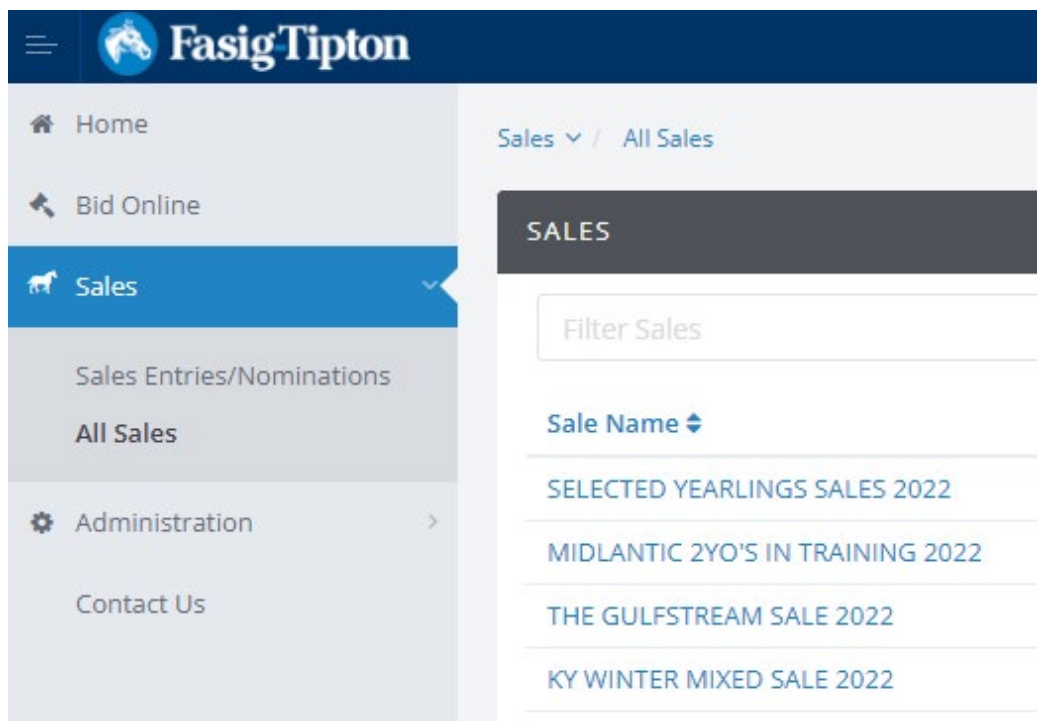

Login with your username and password.

A screenshot of the Client Portal login page. The page has a white background with a light gray border. At the top, it says "Client Portal" and "Log in to your account". Below this, there are two input fields: "Email Address *" and "Password *". The "Email Address" field is a simple text box. The "Password" field is a text box with a blue background and a password mask (dots). Below the password field, there are four links: "Forgot Password?", "Create Account", "About the Portal", and a blue "Go" button.

Select the current sale and then Repository.

For Printing reports, select summary. A register of each horse will be shown with a green check.

Click on each check mark to open & print or save report on your device.

A screenshot of the FasigTipton website. The top navigation bar is dark blue with the FasigTipton logo. Below the logo, there is a sidebar with navigation links: Home, Bid Online, Sales (highlighted), Sales Entries/Nominations, All Sales, Administration, and Contact Us. The main content area shows the "Sales" section with a "Filter Sales" input field and a list of sales: "SELECTED YEARLINGS SALES 2022", "MIDLANTIC 2YO'S IN TRAINING 2022", "THE GULFSTREAM SALE 2022", and "KY WINTER MIXED SALE 2022".

FASIG-TIPTON
REMOTE REPOSITORY INSTRUCTIONS

- All x-rays submitted to the repository must be accompanied by a veterinarian x-ray report. This report will be date & time stamped following the approval process and will be made available to the consignor in the Fasig-Tipton Client portal. [Client Portal](#).
- The report will no longer be made available for review at the repository; interested parties must obtain the report directly from the consignor. The x-ray report must also disclose attending veterinarian's ownership interest in the subject horse, if any.
- Consignors can review their Repository submissions & activities via the [Client Portal](#).
- The repository system displayed in the [Client Portal](#) will include both remote and on-site activity.
- Consignors may add as many individual users to their [Client Portal](#) account as necessary.
- Each individual user will be able to customize the text/email alerts they would like to receive, relating to repository activity as well as many other aspects of their consignment.
- Terms & Conditions of Sale: [Conditions of sale](#)
